## Christian Metz and the Codes of Cinema

*Film Semiology and Beyond*

A pioneering figure in film studies, Christian Metz proposed countless new concepts for reflecting on cinema, rooted in his phenomenological structuralism. He also played a key role in establishing film studies as a scholarly discipline, making major contributions to its institutionalisation in universities worldwide. This book brings together a stellar roster of contributors to present a close analysis of Metz's writings, their theoretical and epistemological positions, and their ongoing influence today.

**Margrit Tröhler** is a professor in the Department of Film Studies at the University of Zurich.

**Guido Kirsten** is a postdoctoral researcher in the Department of Media Studies at Stockholm University.
